**Call for expression of interest for one (1) Research Assistant
in the Institute of Computer Science (ICS)
Foundation for Research and Technology – Hellas (FORTH)**

Position(s): One (1) position for a Research Assistant

Project:

“THREAT-ARREST: Cyber Security Threats and Threat Actors Training - Assurance Driven Multi- Layer, end-to-end Simulation and Training”, funded by The European Commission (Horizon 2020 - DS-07-2017)

Desired starting date: October 1, 2020

Duration: 3 months with possibility of extension

Location: Heraklion, Crete, Greece

Opening date: 30/07/2020

Closing date: 14/08/2020

Ref.: “THREAT-ARREST-02-July-2020”

Description

We seek an experienced member for our team, a Research Assistant, with strong background in 6G security. The candidate will participate in the R&D activities of FORTH in the context of the project “THREAT-ARREST: Cyber Security Threats and Threat Actors Training - Assurance Driven Multi- Layer, end-to-end Simulation and Training, funded by The European Commission (Horizon 2020 - DS-07-2017)”

In the context of the project mentioned above, FORTH, along with the project’s partners, will develop tools and technologies for novel cyber-ranges architectures that will be part of an integrated platform that aims to ensure high performance, end-to-end security and effective cyber-security training.

• Required qualifications:

- BSc in Computer Science and/or Engineering;
- Experience with European Research projects (Technical reports/publications);
- Excellent knowledge in designing, implementing and integrating IT systems (back-end, front-end);
- Experience in cyber-security for critical infrastructures and IoT.
- Excellent network and systems programming skills;
- Willingness and ability to work cooperatively within a team, to learn, and to adapt to the projects;
- Excellent knowledge of English;

• Desired qualifications:

Knowledge of and/or experience in and/or strong interest to learn one or more of the following:

- Experience in physical-layer security for wireless systems.
- Experience with modern operating systems internals and computer networks;
- Excellent programming skills in C, C++, Java, multi-paradigm simulation platforms;
- Experience with collaboration tools (owncloud, subversion, git etc.);
- Experience with Linux deployment, administration and network security tools (Intrusion Detection and Prevention Systems);

Application Submission

Interested candidates can submit their applications via <http://www.ics.forth.gr/jobs/en/> using the link “[Apply for the position](#)” under the announcement. Applications must include:

- Detailed CV, including qualifications and interests in the above areas, and proof thereof;
- Scanned copies of academic titles;
- Detailed presentation of prior work, studies and/or publications, demonstrating knowledge of desired skills (e.g. experience on specific programming languages and hardware platforms)
- Contact information for 2 or 3 references;

Contact Information:

- For information and questions about the advertised position the activity of the group or the Institute, please contact Prof. Sotiris Ioannidis (sotiris@ics.forth.gr).

Selection Announcement

The result of the selection will be announced on the website of ICS-FORTH. Candidates have the right to appeal the selection decision, by addressing their written objection to the ICS secretariat within five (5) days since the results announcement on the web. They also have the right to access (a) the files of the candidates as well as (b) the table of candidates’ scores (ranking of candidates results). All the above information related to the selection procedure will be available at the secretariat of ICS-FORTH in line with the Hellenic Data Protection Authority. Access to personal data of co-candidates shall be limited

to personal data (and relevant data) and supporting documents which have been the basis of the evaluation of the candidates for the specific post(s). Prior to the announcement of the personal data and/or documents of the co-candidates to the applicant, FORTH will inform the data subjects in an appropriate way.

FORTH is compliant with all legal procedures for the processing of personal data as defined by the Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data.

FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law.

FORTH retains the above data up to the announcement of the final results of the call, unless further process and reservation is required by law or for purposes of exercise, enforcement, prosecution of certain one's legitimate legal rights as defined in the Regulation EU/2016/679 and/or in national law.

We inform you that under the Regulation EU/2016/679 you have the rights to be informed about your personal data, access to, rectification and erasure, restrictions of process and objection to as provided by applicable regulation and national laws.

We acknowledge also to you, that you have the right to file a complaint to the national Data Protection Authority. For any further information regarding exercise of your personal data protection rights, you may contact the Data Protection Officer at FORTH at dpo@admin.forth.gr.

You have the right to withdraw your application and consent for the processing of your personal data at any time. We inform you that, in this case, FORTH shall destroy such documents and/or supporting documents submitted and shall delete the related personal data.
