**Call for expression of interest for one (1) Research Associate  
in the Institute of Computer Science (ICS)  
Foundation for Research and Technology – Hellas (FORTH)**

**Position(s):** One (1) position for a Research Associate

**Projects:**

- “CyberSANE: Cyber Security Incident Handling, Warning and Response System for the European Critical Infrastructures”, funded under H2020-SU-ICT-2018-2020/H2020-SU-ICT-2018
- “AI4HEALTHSEC: A Dynamic and Self-Organized Artificial Swarm Intelligence Solution for Security and Privacy Threats in Healthcare ICT Infrastructures”, funded under H2020-SU-DS-2018-2019-2020 / H2020-SU-DS-2019

**Desired starting date:** January 1, 2021

**Duration:** 12 months with possibility of extension

**Location:** Heraklion, Crete, Greece

**Opening date:** 30/10/2020

**Closing date:** 16/11/2020

**Ref.:** “AI4HEALTHSEC-CYBERSANE-01-Oct-2020”

## Description

We seek an experienced member for our team, with a background in machine learning, data analytics and applied signal processing. The candidate will participate in the R&D activities of FORTH in the context of the projects “CyberSANE: Cyber Security Incident Handling, Warning and Response System for the European Critical Infrastructures” and “AI4HEALTHSEC: ‘A Dynamic and Self-Organized Artificial Swarm Intelligence Solution for Security and Privacy Threats in Healthcare ICT Infrastructures”. In the context of the above-mentioned projects, FORTH, along with the projects’ partners, will drive the design, analysis of ML/AI components and provide insights for the AI/ML security enhancements of the developed solutions.

- **Required qualifications:**

- PhD degree in Computer Science, Computer Engineering or a related field, focusing on intelligent sensing applications;
- BSc and MSc degrees in Computer Science, Computer Engineering or a related field, preferably with a focus on machine learning and/or modelling for intelligent sensing applications;
- Experience with European research projects (e.g., implementation, technical reports and deliverables writing);
- Publications in the field of machine learning, data science, signal processing and related topics;
- Willingness and ability to work cooperatively within a team, to learn, and to adapt to the projects;
- Excellent knowledge of English;

- **Desired qualifications:**

- Past experience in international, multicultural and multilingual research environments, with a data analytics/modelling/machine learning focus;
- Experience in EU funded projects;
- Experience in design and analysis of Machine learning algorithms and applications;
- Experienced in working and managing research groups;
- Skilled in programming tools related to the position, such as MATLAB/Octave, C, C++, Python, TensorFlow;

## Application Submission

Interested candidates can submit their applications via <http://www.ics.forth.gr/jobs/en/> using the link “[Apply for the position](#)” under the announcement. Applications must include:

- Detailed CV, including qualifications and interests in the above areas, and proof thereof;
- Scanned copies of academic titles;
- Detailed presentation of prior work, studies and/or publications, demonstrating knowledge of desired skills (e.g. experience on specific programming languages and hardware platforms)
- Contact information for 2 or 3 references;

## Contact Information:

- For information and questions about the advertised position the activity of the group or the Institute, please contact Prof. Sotiris Ioannidis ([sotiris@ics.forth.gr](mailto:sotiris@ics.forth.gr)).

## Selection Announcement

The result of the selection will be announced on the website of ICS-FORTH. Candidates have the right to appeal the selection decision, by addressing their written objection to the ICS secretariat within five

(5) days since the results announcement on the web. They also have the right to access (a) the files of the candidates as well as (b) the table of candidates' scores (ranking of candidates results). All the above information related to the selection procedure will be available at the secretariat of ICS-FORTH in line with the Hellenic Data Protection Authority. Access to personal data of co-candidates shall be limited to personal data (and relevant data) and supporting documents which have been the basis of the evaluation of the candidates for the specific post(s). Prior to the announcement of the personal data and/or documents of the co-candidates to the applicant, FORTH will inform the data subjects in an appropriate way.

FORTH is compliant with all legal procedures for the processing of personal data as defined by the Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data.

FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law.

FORTH retains the above data up to the announcement of the final results of the call, unless further process and reservation is required by law or for purposes of exercise, enforcement, prosecution of certain one's legitimate legal rights' as defined in the Regulation EU/2016/679 and/or in national law.

We inform you that under the Regulation EU/2016/679 you have the rights to be informed about your personal data, access to, rectification and erasure, restrictions of process and objection to as provided by applicable regulation and national laws.

We acknowledge also to you, that you have the right to file a complaint to the national Data Protection Authority. For any further information regarding exercise of your personal data protection rights, you may contact the Data Protection Officer at FORTH at [dpo@admin.forth.gr](mailto:dpo@admin.forth.gr).

You have the right to withdraw your application and consent for the processing of your personal data at any time. We inform you that, in this case, FORTH shall destroy such documents and/or supporting documents submitted and shall delete the related personal data.
