**Call for expression of interest for a position of a PhD Student for deep learning techniques for
timelined data
in the Institute of Computer Science (ICS)
Foundation for Research and Technology – Hellas (FORTH)**

Position(s): One (1) position of PhD Student for deep learning techniques for timelined data

Project: International Clinical Validation of Radiomics Artificial Intelligence for Breast Cancer Treatment Planning (RadioVal) GA 101057699, funded under Horizon 2020, *HORIZON-HLTH-2021-DISEASE-04-04*

Desired starting date: June 1, 2023

Duration: 6 months with possibility of extension

Location: Heraklion, Crete, Greece

Opening date: 01-03-2023

Closing date: 13-03-2023

Ref.: "ICS-2007"

Description

The candidate will participate in the R&D work of FORTH within the RadioVal project. We are looking for a PhD Student to be part of the team designing, implementing and testing a number of applications managing personal information of patients regarding Breast Cancer diagnosis and prognosis, by utilizing

big data, data analytics and machine-learning models. The candidate will design and implement a framework enabling efficient and effective data mining and machine learning techniques for heterogeneous and multi-scale personal health data.

Required qualifications:

- Bachelor in Computer Science, Engineering or equivalent
- MSc Degree in Computer Science, Engineering or equivalent, preferably related to computer vision or image processing
- PhD Student in Electrical and Computer Engineering or equivalent, in relevant field
- Good knowledge of English

Desired qualifications:

- Academic degree that involves training in image processing and/or computer vision and machine/deep learning.
- Prior experience with image processing and data analysis
- Prior experience with medical data modelling
- Prior experience with development of biomedical software
- Experience with matlab, C++, python scientific programming and machine/deep learning frameworks

Application Submission

Interested candidates can submit their applications via <http://www.ics.forth.gr/jobs/en/> using the link “[Apply for the position](#)” under the announcement. Applications must include:

- Detailed CV, including qualifications and interests in the above areas, and proof thereof;
- Scanned copies of academic titles;
- Detailed presentation of prior work, publications, references etc demonstrating research experience and knowledge of desired skills

Contact Information:

For information and questions about the advertised position the activity of the group or the Institute, please contact Theano Apostolidi (apost@ics.forth.gr).

Selection Announcement

The result of the selection will be announced on the website of ICS-FORTH. Candidates have the right to appeal the selection decision, by addressing their written objection to the ICS secretariat within five (5) days since the results announcement on the web. They also have the right to access (a) the files of the candidates as well as (b) the table of candidates’ scores (ranking of candidates’ results). All the above information related to the selection procedure will be available at the secretariat of ICS-FORTH in line with the Hellenic Data Protection Authority. Access to personal data of co-candidates shall be limited to personal data (and relevant data) and supporting documents which have been the basis of the evaluation of the candidates for the specific post(s). Prior to the announcement of the personal data and/or documents of the co-candidates to the applicant, FORTH will inform the data subjects in an appropriate way

GDPR Disclaimer

FORTH is compliant with all legal procedures for the processing of personal data as defined by the Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data.

FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law.

FORTH retains the above data up to the announcement of the final results of the call, unless further process and reservation is required by law or for purposes of exercise, enforcement, prosecution of certain one's legitimate legal rights' as defined in the Regulation EU/2016/679 and/or in national law.

We inform you that under the Regulation EU/2016/679 you have the rights to be informed about your personal data, access to, rectification and erasure, restrictions of process and objection to as provided by applicable regulation and national laws.

We acknowledge also to you, that you have the right to file a complaint to the national Data Protection Authority. For any further information regarding exercise of your personal data protection rights, you may contact the Data Protection Officer at FORTH at dpo@admin.forth.gr.

You have the right to withdraw your application and consent for the processing of your personal data at any time. We inform you that, in this case, FORTH shall destroy such documents and/or supporting documents submitted and shall delete the related personal data.
