TO BE PUBLISHED ON LINE

HELLENIC REPUBLIC
MINISTRY OF DEVELOPMENT
GENERAL SECRETARIART FOR RESEARCH AND INNOVATION

FOUNDATION FOR RESEARCH AND TECHNOLOGY - HELLAS (FORTH)
Institute of Computer Science (ICS)
Postal address: 100 N.Plastira
70013 Heraklion, Crete, Greece

Pr. Ref. Nr 242696
Heraklion, 20/11/2026

Call for expression of interest (1) full-time engineer position of temporary staff through the conclusion of fixed-term contracts, within the framework of the Project titled 'Frugal Artificial Intelligence and Application in Astrophysics' with acronym 'TITAN'
Position Ref. code Nr. TITAN-Int.MSc.Engin-Nov26

European Commission

Position(s): TITAN - Int.MSc.Engin -Nov26 – one (1) full-time engineer position of temporary staff
Project: "TITAN – Frugal Artificial Intelligence and Application in Astrophysics" (TITAN), Grant Agreement (GA) No 101086741, funded under Horizon Europe, call HORIZON-WIDERA-2022-TALENTS-01
Desired Starting date: 1/1/2027

Duration: Six (6) months. The contract may be renewed or extended without limitation by decision of the Board of Directors (BoD) of the Foundation for Research and Technology – Hellas (FORTH), provided that the required project/position/grant/funding appropriation is available in the project, without a new Call being carried out, until the end date of the Project as per the GA.

Location: Institute of Computer Science (ICS) of FORTH, 100 N. Plastira, Vassilika Vouton, 70013, Heraklion, Greece

Opening date: 20/11/2026

Closing date: 01/12/2026, deadline for submission: 16:00 (Athens time zone)

The Director of the Institute of Computer Science (ICS) of FORTH, Prof. Panagiotis Tsakalides, having taken into account:

1. Law 4310/2014 "*Research, Technological Development and Innovation and other provisions*", as amended and in force (Government Gazette A 258).
2. Articles 243, 244, 245 and 246 of Law 4957/2022 "*New Horizons in Higher Education Institutions: Enhancing the quality, functionality and connection of Higher Education Institutions with society and other provisions*" (Government Gazette A 141).
3. Law 4314/2014 "*A) On the management, control and implementation of developmental interventions for the programming period 2014–2020, B) Incorporation of Directive 2012/17 of the European Parliament and of the Council of 13 June 2012 (EU L156/16.06.2012) into Greek law, amendment of Law 3419/2005 (A 297) and other provisions*", as in force, and in particular Article 30 thereof (Government Gazette A 265).
4. Decision No ΔΙΠΑΑΔ/Φ.ΕΠ.1/934/6966/21-4-2023 of the Ministers of Finance and Interior "*Exceptions from the annual human resources planning of the public sector under Article 51 of Law 4622/2019*" (Government Gazette B 2614).
5. Law 4270/2014 "*Principles of fiscal management and supervision (incorporation of Directive 2011/85/EU) – Public Accounting*", concerning the control of expenditure based on the Budget of FORTH (Government Gazette A 143).
6. The provisions of Articles 75 to 83 of Law 4727/2020 "*Digital Governance (Transposition into Greek Legislation of Directive (EU) 2016/2102 and Directive (EU) 2019/1024) – Electronic Communications (Transposition into Greek Law of Directive (EU) 2018/1972) and other provisions*" (Government Gazette A 184), as in force.
7. The General Data Protection Regulation, Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016.
8. Presidential Decree 432/1987 "*Establishment of a legal entity under private law under the name 'Foundation for Research and Technology – Hellas'*" (Government Gazette A 204).
9. The Internal Regulation of FORTH (Government Gazette B 1584/31.07.2009), as amended and in force (Government Gazette B 2193/31.12.2010).
10. Decision No 15520/2025 of the Minister and Deputy Minister of Development "*(a) Acceptance of the resignation of Vassilios Harmandaris from the position of Director of the Institute of Astrophysics (IA) of the Foundation for Research and Technology – Hellas (FORTH), (b) Appointment of Vassilios Harmandaris to the position of Director of the Central Administration of the Foundation for Research and Technology – Hellas (FORTH), (c) Appointment of him as President of the Board of Directors of the said entity, and (d) Reconstitution of the Board of Directors of the said entity*" (Government Gazette YODD 152).
11. Decision No 10282/09.02.2026 of the Minister and Deputy Minister of Development on the (a) Appointment of Panagiotis Tsakalides to the position of Director of the Institute of Computer Science (ICS) of the Foundation for Research and Technology – Hellas (FORTH), (b) appointment of him/her as member of the Board of Directors of FORTH, and (c) reconstitution of the Board of Directors of FORTH (Government Gazette YODD 129/ΥΟΔΔ/10.02.2026).
12. Decision No 72151/26.08.2026 of the Minister and Deputy Minister of Development on the (a) Appointment of Emmanouil Stratakis to the position of Director of the Institute of Electronic Structure and Laser (IESL) of the Foundation for Research and Technology – Hellas (FORTH), (b) appointment of him as member of the Board of Directors of FORTH, (c) reconstitution of the Board of Directors of FORTH (Government Gazette YODD 1376).
13. Decision No 585/50-7/04.09.2026 of the Board of Directors of FORTH authorising the Directors of the Institutes to approve the call for positions of temporary staff for the implementation of research projects.
14. Grant Agreement Ref. Nr 101086741 for the Project titled 'Frugal Artificial Intelligence and Application in Astrophysics' with acronym 'TITAN', funded by the European Union under Horizon Europe – the Framework Programme for Research and Innovation (2021–2027), established by Regulation (EU) 2021/695 of the European Parliament and of the Council of 28 April 2021.
15. Decision No 492/38-6/14-11-2022 of the Board of Directors (BoD) of FORTH, approving the management of the implementation of the project titled "TITAN – Frugal Artificial Intelligence and Application in Astrophysics" by/at FORTH.

16. Decision No 590/50-7/20-11-2026 of the Board of Directors (BoD) of FORTH approving the call of expression of interest for the position of one (1) temporary staff for the implementation of the project TITAN at/by FORTH.
17. The general policy and relevant decisions of FORTH BoD.

APPROVES this CALL FOR EXPRESSION OF INTEREST

For filling one (1) full-time engineer position of temporary staff under the project 'Frugal Artificial Intelligence and Application in Astrophysics' and with acronym 'TITAN' at the Institute of Computer Science (ICS) of FORTH.

CALL FOR EXPRESSION OF INTEREST

POSITION

Under this Call, one full-time position of temporary staff is announced, to be employed at FORTH-ICS through the conclusion of fixed-term employment contract, which will be specified in the project.

DESCRIPTION

The candidate will be responsible to contribute to the research activities of the HORIZON project "TITAN – Frugal Artificial Intelligence and Application in Astrophysics", which aims to develop novel computational paradigms for astrophysical data analysis through the use of deep learning methods in high-performance computing environments. Modern scientific research and development requires the analysis of massive datasets generated by advanced observational instruments; analyzing these datasets enables scientists to uncover the underlying patterns and structures in the data and to deepen the understanding of fundamental physical processes.

Research activities will focus on (a) deep learning models for multi-source data fusion and inverse problems, and (b) the use of large language models in signal analysis, with emphasis on multimodal data.

Individual tasks will include:

- Collaborating with domain experts, data scientists and engineers to identify research challenges
- Designing, developing and evaluating deep learning architectures and models
- Developing methods for data fusion, representation learning and inverse problem solving
- Exploring and implementing large language model (LLM)-based approaches for data analysis
- Testing, validating and documenting the developed methods and software

The selected candidate will work in a collaborative research environment at FORTH, interacting with researchers and engineers across multiple disciplines, in strong collaboration with the CosmoStat Laboratory at CEA Saclay (France). They will be supervised by Jean-Luc Starck (FORTH/CEA), Panagiotis Tsakalides (FORTH) and Grigorios Tsagkatakis (FORTH). The position requires physical presence at the premises of FORTH in Heraklion, Crete, for the entire duration of the contract.

REMUNERATION

The total remuneration of the temporary personnel shall be determined in accordance with the provisions of Laws 4310/2014 and 4354/2015, as currently in force, and shall be commensurate with the selected candidate's academic qualifications, prior service in the public sector, and family status, as well as the budgeted cost for the assigned project and the terms of its funding.

QUALIFICATIONS:

ESSENTIAL (MINIMUM REQUIRED) QUALIFICATIONS:
- MSc or BSc w. integrated Master in Engineering or a relevant field
- Strong programming skills in Python, C/C++ or Java, and familiarity with version control
- Proven experience in developing machine learning and deep learning models
- Familiarity with data analysis and processing of large-scale datasets
- Good or excellent command of the English language

DESIRABLE QUALIFICATIONS:
- Experience with deep learning frameworks (e.g., PyTorch, TensorFlow)
- Prior experience in research projects or participation in EU-funded projects
- Experience with cloud platforms (e.g., AWS) and/or LLM frameworks (e.g., LangChain)
- Strong problem-solving skills, attention to detail, and ability to work both independently and collaboratively in a team

EVALUATION CRITERIA
The selection of candidates is based on the scoring of submitted applications according to the following criteria:

No.	Evaluation criterion	Maximum score	Means of proof
1	First Degree (Higher Education Institution) in Computer Science, Electrical Engineering, or a related field	**Up to 15:** "Good": < 6.50 = 8 "Very Good": 6.50 ≤ … ≤ 8.50 = 12 "Excellent": 8.50 < … ≤ 10 = 15	Copy of degree / Copy of transcript of records
2	Proven experience in developing machine learning and deep learning models (e.g., diploma or MSc thesis, course or research projects, internships, publications, public code repositories)	**Up to 30:** 10 points per documented project, up to a maximum of 30	Thesis / project reports, publications, links to code repositories, certificate from the Supervising Professor or employer
3	Participation in research projects, including EU-funded projects	**Up to 25:** 3 points per month of participation, up to a maximum of 25	Employer certificate, certificate from the Principal Investigator or Supervising Professor
4	Experience with (a) cloud platforms (e.g., AWS) and (b) LLM frameworks (e.g., LangChain)	**Up to 20:** 10 points per documented area (a) and (b), up to a maximum of 20	Project reports, publications, links to code repositories, certificates
5	Good or excellent command of the English language, as defined in Article 10 of Presidential Decree 85/2022, as amended and in force	**Up to 10:** B2: 5 C1: 7.5 C2: 10	Copy of certificate
TOTAL		**100**	

Candidates who do not meet the required qualifications of the Call are excluded from the procedure. Applications of candidates with a total score lower than 60 will not be considered for the position.

APPLICATION SUBMISSION
Interested candidates can submit their applications ONLY electronically via https://www.ics.forth.gr/jobs using the link **"Apply for the position"** under the announcement.

Should a candidate wish to amend an application—whether to correct information or provide missing supporting documents—they must resubmit the entire application, including all relevant supporting documents. This is permitted only until the application submission deadline. Only the most recent submission will be considered valid; any prior submissions will be disregarded. Applications submitted after the aforementioned date will be rejected as late and will not be evaluated. Incomplete applications will not be taken into consideration. Qualifications mentioned in either the application or the curriculum vitae, but not substantiated by the submission of the corresponding supporting documents, will not be taken into account and will not be awarded points for the final ranking of candidates.

APPLICATIONS MUST INCLUDE:
• A detailed Curriculum Vitae (CV)
• Clear photocopies of academic degrees, transcripts for each program of study (undergraduate, postgraduate) completed, a certificate of current enrollment in an MSc program, certificates, and any other documentation substantiating the applicant's qualifications
• Letters of recommendation and/or certificates of prior employment substantiating the required experience, a detailed presentation of prior work, studies and/or publications (e.g., thesis, project reports, links to code repositories), as well as any other documents or evidence the applicant wishes to include to verify the experience mentioned in their CV

CONTACT INFORMATION:
• For information and questions regarding the application and selection procedure, please contact ppdmaria@ics.forth.gr.
• For information and questions regarding the announced call for these positions, the activity of the group or the Institute, please contact Panagiotis Tsakalides (tsakalid@ics.forth.gr).

EVALUATION PROCEDURE
Applications are evaluated by an Evaluation Committee, which consists of three (3) regular and three (3) alternate members drawn from the staff of FORTH-ICS. One regular member must be the Principal Investigator of the Project. The Committee is appointed by decision of the BoD of FORTH. The composition of the Committee remains unchanged throughout the duration of the project. Failure to comply with the following requirement shall result in the **rejection** of the application, members of the Evaluation Committee must not have any kinship by blood or marriage up to the third degree with any candidate. In the event that a Committee member, other than the PI, is subject to such a conflict of interest, as aforementioned, (he/she) must notify the other Committee members in writing and request his/her own replacement, whereas, if the PI is subject to such a conflict of interest, the application shall be rejected. The Committee's recommendation is forwarded to the BoD of FORTH. The members of the Objections Committee are appointed in the same manner. The Committee's recommendation is forwarded to the Director of FORTH-ICS.

In the event of a tie, the candidate with the highest score in criterion 3 shall be selected. In the event of a continued tie, a public draw is carried out in the presence of the interested parties.

Should the selected candidate fail to appear to sign the contract, or resign while the contract is in force, the Contracting Authority may conclude a contract with the next candidate in the order of ranking, without any further procedure.

SELECTION ANNOUNCEMENT

The results of the evaluation are announced/posted on the website of FORTH-ICS (https://www.ics.forth.gr/jobs).

SUBMISSION OF OBJECTIONS

Candidates who submitted an application for a position under this Call have the right to:

(a) Submit an objection regarding their ranking within a period of five (5) calendar days from the day following the publication of the provisional results, by means of a written application to the secretariat of FORTH-ICS.

(b) Access the contents of their own individual application file, as well as the evaluation/scoring sheets of other candidates and the evaluation minutes/report, upon submission of a written request to FORTH-ICS within five (5) calendar days from the day following the results' posting/announcement. Access to personal data of other candidates is limited to the personal data, relevant information, and supporting documents that formed the basis for the evaluation of candidates for the specific position(s) to be filled. Prior to the disclosure of any personal data and/or information concerning other candidates to the applicant, FORTH shall notify the respective data subjects in an appropriate manner depending on the circumstances.

Objection applications may be submitted in one of the following ways: in person, via an authorised representative; by email to Marian Papadakis (ppdmaria@ics.forth.gr); by post; or by courier to FORTH address: FORTH-ICS, N. Plastira 100, Vassilika Vouton, 70013 Heraklion, Crete, Greece. In the case of submission by mail/postal or courier, the date of submission is the date shown on the postal or courier service postmark or stamp. If the deadline expires on/falls on a non-working day, it shall be extended to the next working day. Late objections will not be considered.

Objections are examined by the Objections Committee, which is appointed by decision of the BoD of FORTH. The Objection Committee consists of three (3) regular and three (3) alternate members drawn from the staff of FORTH-ICS. The members of the Objections Committee are not permitted to have kinship relations by blood or by affinity up to the third degree with any candidate. If no objections are submitted, the provisional results become final.

OTHER CONDITIONS

1. For applicants/candidates whose higher education qualifications (undergraduate and postgraduate) constitute a required or assessed formal qualification and were awarded by institutions abroad, these institutions must be included in the National Register of Recognised Foreign Higher Education Institutions and the National Register of Types of Recognised Qualifications of Foreign Higher Education Institutions, or a certificate from the Hellenic National Academic Recognition and Information Centre (DOATAP) must be submitted, in accordance with Law 4957/2022. Applicants/Candidates whose higher education qualifications (undergraduate and postgraduate) were awarded by foreign institutions included in the "List of Foreign Institutions awarding qualifications through franchise agreements with private entities in Greece" must submit a 'Certificate of Place of Study' issued and sent by the entity where the studies were actually conducted.
2. Throughout the duration of the Project, should it be necessary to replace individuals selected in accordance with this Call, such replacement shall be effected by selecting another candidate(s) based on their score/ranking – from the established from the ranking list (drawn up).

3. In the event that the funding allocated for the project is terminated for any reason, FORTH-ICS reserves the right to terminate the performance of the contract by means of a formal notice of termination and without incurring any liability for damages.
4. FORTH-ICS does not assume any obligation to enter into a contract and reserves the right to cancel or repeat the procedure without any obligation to pay compensation, any related claims by the candidates being expressly excluded.
5. Participation implies full acceptance of the terms of this Call for Expression of Interest.

GDPR DISCLAIMER

FORTH is compliant with all legal procedures for the processing of personal data as defined by the **Regulation EU/2016/679 on the protection of natural persons with regard to the processing of personal data.**

FORTH processes the personal data and relevant supporting documents that you have submitted to us. Processing of that data is carried out exclusively for the needs and purposes of this specific call. Such data shall not be transmitted to or communicated to any third party unless required by law.

FORTH retains the above data until the announcement of the final results of the call, unless further retention is required by law or for the purposes of the establishment, exercise or defence of legal claims, as provided for in Regulation (EU) 2016/679 and/or the applicable national legislation.

Under Regulation (EU) 2016/679, you have the right to be informed about, access, rectify and erase your personal data, as well as the right to restriction of processing and the right to object, as provided for by the applicable EU and national legislation.

You also have the right to lodge a complaint with the Hellenic Data Protection Authority. For further information and for the exercise of your personal data protection rights, you may contact the Data Protection Officer of FORTH at dpo@admin.forth.gr.

You have the right to withdraw your application and consent for the processing of your personal data at any time. We inform you that, in this case, FORTH shall destroy such documents and/or supporting documents submitted and shall delete the related personal data.

This call is published on the website of FORTH-ICS **[https://www.ics.forth.gr/jobs]**, on Diavgeia (ΔΙΑΥΓΕΙΑ - the Government's Transparency programme) and wherever else required by the funding body.
